

Space Heaters

Radiant and Convection

Rinnai

Relax. It's a Rinnai.

Get warm and comfortable with this classic.

Rinnai's extensive range of gas flued space heaters combines cosy radiant warmth with the superior quality and reliability Australians have come to depend on. Designed to be fitted into an existing fireplace, they're an ideal way to warm living areas while creating an attractive feature for your home. Powered by gas, these heaters produce far less greenhouse emissions compared to electric or solid fuel heaters. With a familiar radiant glow, you can be sure that Rinnai will provide a heater that you know and love.

Ultima II

- > Energy efficient and stylish alternative to your old space heater
- > Full electronic thermostatic control, select a desired temperature which is then maintained by the heater
- > Dual digital timers allows for on and off programming for both mornings and evenings (weekday and weekend)
- > Gentle 2 speed fan, allowing for even heat distribution
- > Easy to use one-touch electronic ignition as well as a child lock
- > Available in both Natural Gas and LPG

Ultima II in Gunmetal

Ultima II Control Panel

2001 & Spectrum

- > Suitable for large living areas
- > 2 speed fan allowing for even heat distribution
- > Electronic ignition, lights first time
- > Available in Natural Gas only, however LPG available upon conversion
- > 2001 – select from 6 thermostatically controlled temperature settings
- > Spectrum – 3 easy push button heat selections
